Vol. 6, No. 1

January 1970

Calendar of Numismatic Events

April 18-20	PNNA Convention - Olympic Hotel, Seattle, Wash.
June 19-21	COIN (International) Convention - Los Angeles
August 5-8	CNA Convention - Halifax
August 17-22	ANA Convention - St. Louis

President's Message

January, and another year is upon us. I hope the one that is past has been a good one and that the new one will be happy, prosperous and educational.

I say the educational with a purpose because this is the real basis of our hobby. Since the years of the "bag and roll traders", we have moved back toward our real purpose. One thing that impresses me as I visit clubs in our northwest is the number of juniors attending and taking part in the meetings. I hope this trend continues.

Yes, 1970 will be another year to learn about such things as scrip from our own northwest area. This will be the featured item in our PNNA News this year starting with next issue. Scrip of Idaho, Oregon, and Washington will be listed. In case you wish to dig further, you might try as reference "Depression Scrip of the United States" by Kappen and Mitchell or the Federal Brand catalogs of the Lazar collection.

Dale Crawford, Pres.

PNNA Convention

As listed above in the Calendar the PNNA Convention will be held on April 18-20 at the Olympic Hotel in Seattle. The convention will open at 10:00 A.M. daily. Exhibitors will be able to start setup at 9:00 A.M. Dealers wishing bourse space please contact Clarence Heppner, 1331 - 3rd Ave., Jones Bldg - Room 203, Seattle, Wash. 98101. This is a Saturday through Monday convention. Dealers will have both full days of the weekend and Monday is the long shopping day in downtown Seattle.

Coin Articles

This month we conclude the listing of PNNA medals and next month will begin a checklist of all Depression scrip issued in the area. Readers are asked to make additions or corrections to our lists. We have had an addition to our PNNA list of last issue. It is added to this issue's concluding article. We have on file a catalog of Alaska-Yukon 1909 Fair items. Has any reader compiled a list of Lewis and Clark items he will share with us? In any event the PNNA membership has us well supplied with articles. We only hope to run them in some semblance of order. We would like to keep scrip and fair items together, etc.

Exhibitors

We are promised several outstanding exhibits for the PNNA Convention. Why not prepare a display of your own to help educate other collectors and inform the public about numismatics.

Pacific Northwest Numismatic Association Medals - a listing (Cont'd.)

1967 No convention

1968 24th Spokane Feb. 2-4, 1968 Wood 37mm.

This piece was issued as one of a set of three wooden nickels. Two bear the name of the host club the Inland Empire Coin Club as host to the PNNA. Only one of the set is the official piece - the one with the PNNA around the edge but since you got all three in a package deal you can consider all three official if you like.

1969 25th Eugene April 25-27, 1969 White metal 38mm

Host Club - the Eugene Coin Club. The reverse bears the PNNA design.

1970 26th Seattle April 18-20, 1970 White metal 38mm

Design not final at this time. Reverse will be the PNNA design.

1971 - No Convention

Other PNNA Pieces

1972 - 27th Vancouver WA Oct 7-8, 1972 Wood 51mm.

1961 Wooden pieces bearing the legend Sea-U in Seattle in 1962. This was an advertising piece for the 1961 Spokane convention inviting people to attend Seattle the next year.

1964 Two wooden pieces given out at the 1964 Portland convention advertising the 1965 Yakima convention. Both say Plan to Come - Fun in the Sun, etc. Difference is in stock reverse designs - one a buffalo and the other an Indian.

1965 Wooden piece good for a ride to Fort Simcoe which was a tour for conventioners at the Yakima convention. Fare was \$2.00.

1965 1965 was the 25th year of the PNNA. A banquet was held during the coin show held in Centralia that year. All old time PNNA members were recognized. Permission was given by the PNNA to the local club to use the PNNA name in advertising the anniversary. There are two medals - same dies - one in silver (175 struck) and the other copper.

1962 An encased cent. No information available. The legend has the wording Seattle World Fair and also PNNA Convention. Permission was not obtained from either group for use of their names. Piece is horseshoe shape. Information wanted.

1969 Three wooden nickels. Two varieties of each. These are dated for each day of the show. Pieces with rims the same color as the printed legend were admission tickets to the show. They could be spent at dealers tables for 50¢. Pieces without colored rims were sold in sets for souvenirs.

Additions

1959 The folder listed in the last issue comes in three colors. Red, brown, and green. The inside 1959 cent is identical in all three holders.

Pattern and Presentation pieces

- 1949 A 34mm blank planchet was used as a presentation piece (maybe 1955?)
- 1950 Official medal in silver - two struck for presentation
- 1950 Official medal in aluminum - a pattern. Unique
- 1952 Official medal in copper - a pattern. Unique
- 1962 Die trial in lead uniface of obverse (date side) - Unique
- 1962 Die trial in lead uniface of reverse (PNNA design) - Unique
This die differs from that officially adopted in that the letters PNNA on the bottom are not as prominent. The die was corrected after this trial striking and the letters strengthened.
- 1964 Official medal in a rose-colored bronze - a pattern.
About a dozen struck.

This concludes the listing of PNNA pieces. It is an interesting series in that it includes such a variety of materials. Different metals, wood, encased postage, plastic, and different designs and shapes. But most of all the collection is a reminder of sociability, fellowship and friends in days gone by.

National Bank Notes

Just a short resume of what denominations are known from the area.

Idaho Territory - No notes known. Start looking. \$1000 would be a fair price for a specimen if found.

Idaho State - 2nd Charter Brown Back - only the \$10 known. Does any reader know which bank or banks? The 2nd and 3rd issue of the Second charter period unknown. Third charter Red Seal unknown.

Oregon State - First Charter. Only the \$10 and \$20 of one bank known to exist - the First National Bank of Pendleton (#2630)
The Second Charter 3rd issue unknown.

Washington Territory - Only \$5 and \$10 Second charter Brown backs known to exist.

Washington State - Only \$5 notes known of the First charter period.
Second Charter 3rd issue unknown.

Other Paper Money

A collector now deceased is known to have had some Washington Territory Warrants. Does anyone have any information on them? Photos or sources of information sought. Can you help?

Next issue we begin a checklist of Depression scrip issued in the period from about 1931 to 1934 or 35.

For Bourse Information: Clarence Heppner,

Seattle, Wash. 98146
1331 - 3rd Ave. Jones Bldg.
Room 203, Seattle, Wash. 98101

Convention Report

We have been fortunate this year to get some really distinguished speakers for the educational forum. Maurice Gould is President of OIN, was the author of the Whitman books on Alaska, Hawaii, and Porto Rico, and is a nationally syndicated coin columnist. Ralph (Curly) Mitchell is President of TAMS, and author of The Depression Script of the United States. Timely in that this issue we have a check list of the material he is interested in. Ralph is currently the West Coast representative for the Franklin Mint. Maury is the representative for the 99 company. Come hear these interesting gentlemen at the forum and if you are a token collector they will be at the Token Conference also.

President's Message

April is PNNA convention month and there is still time to plan the trip to Seattle. Byron Johnson, general chairman, with his capable committee has prepared an outstanding annual show for all at the Olympic Hotel. There will be educational meetings and forum, displays from all over the northwest and dealers with the traditional and the unusual. This is an excellent chance to greet old friends and make new ones that are also interested in our wonderful hobby. With this last message as president I would like to thank my officers for their time and help and a special bouquet to Byron Johnson for the many hours he has spent creating the PNNA News Letter. See Byron or me at the show to renew your membership and keep the News coming, or send your \$2.00 to me at P.O. Box 1213 Eugene, OR. 97401 & I will send you a complete show kit.

Dale Crawford, President

DEPRESSION SCRIP ISSUED IN THE PACIFIC NORTHWEST -- A Checklist

This is a checklist of emergency money issued during the Depression of the 1930's. Since there is a catalog in preparation by Ralph Mitchell and Charles Kappen there will be no history on the individual pieces. For members wishing further information on issues you are referred to the Lazar sale catalogs issued by Federal Brand and the Totem Topics issued by the Northwest Token and Medal Society.

Coin Article

This month we have a listing of the 1909 Seattle World Fair medals and tokens.
 Corrections and additions are welcome.

President's Message

I would like to thank all of you for the confidence you have placed in me by electing me as your President and I sincerely hope that I can do a job for you commensurate with that confidence. I would like to thank Dale Crawford, your Past President, for his assistance in getting me started and I know that any assistance or advice I might request from him will be quickly forthcoming. This also applies to many other members of the organization.

I hope that during the forthcoming year, that the hobby, in general, will see an upward trend. This, of course, would be a naturally healthy situation for us as it would bring increased interest and possibly new and increased membership in our organization.

Renewed and increased interest also leads to a quest for Knowledge. To many, just collecting is reward enough in itself, but, the real deep down enjoyment of whatever facet you choose to collect can only come from really learning and taking advantage of the wide scope of information available to you. Getting the most out of your hobby is truly rewarding collecting.

With another year before us, there appear to be some rather sweeping changes suggested in the formation of our organization. To some people, some of them might seem quite drastic and far reaching but, after some lengthy discussions at the P.N.N.A. Convention, it seems that this might be the best course to follow for the best interest in the continuing progress and advancement of our organization and for the fulfillment of the original aims and purposes for which the P.N.N.A was intended.

As soon as it is completed, a form will be sent to each club in P.N.N.A. territory with a questionnaire as to future makeup, programming and financing of the P.N.N.A. I urge each club to give this questionnaire its fullest consideration and to complete and return it as soon as possible. This will help serve as a guide in determining the future course of your organization. Through this, we hope to make much more educational material more readily available. Many of our clubs are seriously lacking in a planned educational program. Also, this would lead to better correlation of show dates to help avoid conflicts which have occurred in the past.

Happy collecting and have a good summer everyone. We'll try to have some more for you in the next issue.

Gene M. Kirschten, Pres. PNNA

THE ALASKA YUKON PACIFIC EXPOSITION of 1909

Rather than list medals that have been catalogued we ask you to use the Hibler-Kappen catalog of So-Called dollars as we make comments on the dollar size medals of the AYPE.

- HK-353 Some of these pieces were looped and attached to an elaborate ribbon. All of these pieces have an S stamped on the bottom edge. Maybe some silver-plated ones were made?? There are silver-plated HK-354 or 355 known but none seen with a loop. And there is no way of knowing when these were plated.
- HK-357 This piece is believed to be a watch fob with the loop removed. No beading on the reverse. The fob with the loop is fairly common but is usually not collected as a medal.
- HK-360 Part of a set of three pieces. The other two being smaller denominations of $\frac{1}{2}$ dwt. and $\frac{1}{4}$ dwt. See Burnie or the black cover Whitman book on Alaska where die varieties are listed.
- HK-361 This piece also exists in solid gold. Only one piece known purchased by Kagins at a Central States convention and now in an Alaska collection. Reported price \$1100.
- This piece also known in gilt silver. The word silver stamped on the edge.
- HK-363 A similar die was used to strike a watch fob. The fob has no beading on the reverse and was made with a loop.
- HK-366 A die variety with 19 rays above the central figure exists. On the reverse there are no dots on sides of the word building.
- HK-367 The pictured die also exist in plain edge
- HK-367 A die variety exists of another plain edge piece where there are no branches on any of the four trees. Also there is no colon after the word Exposition.
- HK-367 Another die variety reeded edge piece exists. The third tree on obverse has one branch on right pointing down. On the pictured piece there are two branches on the third tree pointing up.
- HK-368 A die variety exists where there appears one branch on the first tree. On the reverse there are dots on both sides of the word building.
- HK-368a This piece is actually a damaged die and not an error. Uncirculated pieces show the die damage and you can see that the letter E in manufactures is on the die correctly. Also the die has a dot on both sides of the word building. The piece pictured in HK evidently shows a further wearing of the die.

There also exists a muling of the reverse of HK-353 and the reverse of HK-364 in brass.

SMALLER MEDALS

In the black cover Whitman Alaska book is listed a medalet of Chief Seattle. This piece also comes with a hole for suspension.

There is a slightly larger Chief Seattle piece with the legend on obverse Alaska Yukon Pacific Exposition Seattle 1909. 24 mm diameter.

There is a 30 mm bronze piece showing the two ships Soya and Aso issued in June 1909. The ships appear one to a side. The ship Aso flies the Japanese flag.

There is a 32mm bronze Spokane Day, June 25, 1909 piece. The reverse shows a map of the Spokane area. Also known in gilt. Die varieties may exist or pieces from a very worn die.

The next two pieces have only been seen holed for suspension--

30mm bronze with the three AYPE figures on obverse. The reverse shows Mt. Rainier 14,526 ft. with a picture of the mountain.

19mm brass with three figures on obverse. Reverse is monogram AYP.

ENCASED CENTS

35mm A.Y.P. Exposition Seattle 1909

38mm Alaska-Yukon-Pacific Exposition Seattle -1909-

38mm Same except period after both Exposition and Seattle Horseshoe shape A.Y.P. Expo. Souvenir of Seattle 1909

Chamberpot shape - looking at legend side handle is to right

Chamberpot shape - looking at legend side handle is to left

MERCHANT TOKENS

34mm copper. Harry Eaton \$1 in trade The obverse shows two standing figures - a blacksmith and a miner joining hands.

24mm brass. Gold Camp Saloon Dance Hall & Gambling House

30mm brass. United Cigars. Obverse AYP monogram and dates

32mm copper. (maybe bronze). The Lotus 305 Pike St.

WATCH FOBS

Similar to HK-357 but different die - blank reverse

There are several types of fobs with several sections joined by links. These are sometimes broken up and the loops removed. Then they try and sell the pieces as medals.

EMBOSSSED COINS

1909 Half dollars were struck from the reverse and pushed into a die showing the three AYPE figures. Similar to the coins today offered. with a Liberty head raised above the coin. A pin was then attached to the reverse so it could be worn.

MEDALLIONS

63mm gilt silver. Obverse shows figures similar to HK-361. The reverse has room for engraving. Mayer & Bros makers.

76mm Award medals. Three types all struck in bronze metal. They differ in the reverse - one saying gold, the second silver, and the third bronze. The obverses are identical. Engraver or designer Ziegler. The gold and silver ones were first engraved with the winners names and then plated with the appropriate metal. These are scarce. Bronze medals with winners names are more common. There are many unengraved ones offered for sale.

JEWELRY

There are many pieces - hatpins, tie pins, etc. made from the small gold AYPE pieces like HK-360 and the $\frac{1}{2}$ and $\frac{1}{4}$ dwt. These will not be listed but are a source of pieces appearing with solder on them.

There is a 32mm bronze Spokane Day, June 25, 1909 piece. The reverse shows a map of the Spokane area. Also known in gilt. The varieties may exist on pieces from a very worn die.

The next two pieces have only been noted for identification--
Engstrom, August 1913
Engstrom, August 1913
 32mm bronze with the three figures on reverse. The reverse shows Mt. Rainier, 14,526 ft. with a picture of the mountain.
 19mm brass with three figures on obverse. Reverse is unknown AYP.

ENCASED COINS

32mm A.Y.P. Exposition Seattle 1909
 32mm Alaska-Yukon-Pacific Exposition Seattle - 1909
 32mm same except period after both Exposition and Seattle
 Horseshoe shape A.Y.P. Expo. Centennial of Seattle 1909
 Chamberpot shape - looking at legend side handle is to right

MERCHANT TOKENS

32mm copper. Harry Eaton \$1 in trade. The obverse shows two standing figures - a blacksmith and a miner joining hands.
 32mm brass. Gold Camp Saloon Dance Hall & Gambling House
 30mm brass. United Cigars. Obverse AYP monogram and dates
 32mm copper. (maybe bronze). The Lotus 305 Pike Bldg.

WATCH FOBES

Similar to HK-357 but different die - blank reverse
 There are several types of fobs with several sections joined by links. These are sometimes broken up and the loops removed. Then they try and sell the pieces as medals.

IMBOSSED COINS

1909 Half dollars were struck from the reverse and pushed into a die showing the three AYP figures. Similar to the coins today offered with a liberty head raised above the coin. A pin was then attached to the reverse so it could be worn.

MEDALLIONS

63mm gilt silver. Obverse shows figures similar to HK-361. The reverse has room for engraving. Meyer & Bros makers.

10mm Award medals. Three types all struck in bronze metal. They differ in the reverse - one saying Gold, the second silver, and the third bronze. The obverses are identical. Engraver or designer illegible. The gold and silver ones were first engraved with the winners names and then plated with the appropriate metal. These are scarce. Bronze medals with winners names are more common. There are many unengraved ones offered for sale.

UNIDENTIFIED

There are many pieces - hatpins, tiepins, etc. made from the small gold AYP pieces like HK-360 and the 1/2 and 1/4 dwt. These will not be listed but are a source of pieces appearing with collector on them.
